Shipman Elected Chairman of Storage Equipment Manufacturers Association

Cincinnati, OH---September 23, 2008---Storage Equipment Manufacturers Association (SMA) has recently elected Keith Shipman of Cornerstone Specialty Wood Products, LLC as Chairman of SMA for 2009.

“SMA was formed in 1974 as a product section of the Material Handling Industry (a not-for-profit Trade Association), and I look forward to promoting our news about storage solutions and the companies that provide these products and services,” says Shipman.

Keith Shipman is National Sales Manager for Cornerstone Specialty Wood Products, LLC, the manufacturer of ResinDek® panels used for decking, flooring, mezzanines, racks, shelving, work platforms, pick modules, warehouses, and other industrial workstations. More information is available at <http://www.resindek.com> regarding this organization and their services.

SMA’s mission includes the development and advancement of standards and activities to advance the quality, safety and general fitness for intended use of Storage of Equipment. More can be learned by visiting their website <http://www.mhia.org/sma> where new members are always welcome.
