ResinDek Team Welcomes a New Member

We are happy to have Karen McGrinder join us at Cornerstone Specialty Wood Products as our Quotations Manager.

Karen has over 12 years of experience in industrial panel sales and sales support. Her career

includes insides sales and customer support for Weyerhaeuser Industrial Sales Division. This experience has allowed her to quickly make valuable contributions to the Cornerstone sales team.

Please welcome Karen and feel free to contact her for your ResinDek and material handling needs.

STRATEGIC PARTNERS

Our valued partners are leaders in the industry, with the expertise you demand to complete your distribution center needs. Contact one of our Preferred Cornerstone Partners today for additional ResinDek specifications.

ResinDek Stars

Soctt McGill and Keith Shipman recently completed a ResinDek Installation Video.

The ResinDek Installation, Care & Maintenance Video is available on www.resindek.com or by CD. Please contact Keith Shipman if you would like a copy of this video.

The Video includes:

- Instructions for installing ResinDek Flooring Panels
- Stand-Up Screw Gun Instructions
- ResinDek ESD Grounding Screws Installation
- ResinDek Cleaning, Maintenance, & Repair

Scott and Keith we will be looking forward to ResinDek II!

SUCCESS STORY

Leave it to the Experts to select ResinDek®

Solutions for existing floor problems

ResinDek Panels get DC moving again!
Damaged bar grate & steel planks or other flooring problems can slow you down and cause injuries.

ResinDek panels can be easily installed over the top of bar grate and steel planks to get your merchandise moving.

After the installation of ResinDek Panels
"We love our new ResinDek floor! The ResinDek Xspan® is easier to roll product over, and much less fatiguing to walk on. In addition, the custom saddle clip assemblies actually helped to level out the damage to the bar grate caused by the concentrated pallet jack loads."
