**Cornerstone Specialty Wood Products, LLC
Launches New Website**

Cincinnati, OH, January 10, 2005 — Cornerstone Specialty Wood Products will launch ResinDek.com during the ProMat® 2005 show, sponsored by the Material Handling Industry of America in Chicago, IL January 10-13.

ResinDek.com will focus upon Cornerstone Specialty Wood Products' line of mezzanine flooring panels and provide technical assistance when selecting flooring for warehouse distribution centers.

“Recently several strategic partners have joined Cornerstone Specialty Wood Products in promoting ResinDek® mezzanine flooring panels, this site will allow us to continue these important relationships while building a significant brand,” stated Greg Doppler, President of Cornerstone Specialty Wood Products, LLC.

ResinDek products were developed by Greg Doppler in 1994 and continue to lead the industry by offering various grades and features, such as ESD to prevent electro-static discharges that can damage electronic equipment and coatings that resist stains.
