More High Performance with

## Gray Diamond Seal<sup>®</sup> 2

Gray Diamond Seal 2 is the standard by which all other coatings in our industry are measured. This superior finish is designed and engineered for long-lasting durability and will look beautiful with a showcase appearance year after year.

- Exceptional resistance to common stains - tested in accordance with NEMA LD 3.4 with 29 different reagents.
- Superior wear resistance – tested in accordance with Taber Abrasion ASTM D4060.
- Superior scratch resistance – tested in accordance with Hoffman Scratch Hardness Tester.
- Standard with anti-static protection (also available with optional ESD, electrostatic dissipative, protection).
- Can be easily cleaned using a damp mop or standard cleaning solvents without the fear of damaging the surface.

Testing data is available on request.
