**Cornerstone Specialty Wood Products Continues
To Deliver More Than Mezzanine Flooring**

Cincinnati, OH—March 7, 2014— Cornerstone Specialty Wood Products continues to transform the mezzanine flooring industry with added value in products and services.

In the product category Cornerstone Specialty Wood Products has introduced a new finish by the name of Diamond Seal® 2. Diamond Seal® 2 provides the following benefits for the material handling industry:

- Tough scratch and wear resistance
- Taber abrasion protection
- Tighter color tolerances
- Exceptional resistance to common stains (NEMA LD 3.4 tested with 29 reagents)
- More skid resistance than other floor finishes (coefficient of friction test data available)
- Optional ESD Certified Static Control

Additionally Cornerstone Specialty Wood Products now offers ResinDek® Floor Graphics, which allow customers to design their own message and graphics for ResinDek® mezzanine flooring panels.

ResinDek® Floor Graphics are permanently infused directly into the proprietary coating for durable floor images.

Some of these applications to date have included:

- Brand building
- Safety messages
- Inventory locators
- Customized messages

Cornerstone Specialty Wood Products has recently received a CE Mark for all ResinDek® panels that ship into Europe. In addition, ResinDek® panels have passed the European Reaction to Fire Test, and received a Class “O” Fire Rating from the United Kingdom. This will allow more warehouses in Europe to install ResinDek® mezzanine flooring panels.

Cornerstone Specialty Wood Products is also proud to announce the ISO 9001 certification of their manufacturing facility and parent company Universal Woods, Inc.

“Our niche in the marketplace has always been that of innovator, and leader in quality and performance. Our main objective is to focus upon the demands and needs of the material handling industry so we can provide distribution centers with the best performing products and added values they care about,” stated Greg Doppler, President of Cornerstone Specialty Wood Products, LLC.

Cornerstone Specialty Wood Products, LLC is the world leader in mezzanine flooring and has installed several million square feet of ResinDek® flooring in distribution centers, warehouses, manufacturing plants and logistical centers worldwide.

ResinDek® panels can contribute towards earning points for LEED® qualified buildings, come with a 7-year premier product warranty and have been engineered to support live and dead pallet jack limits up to 8,000 lbs.

For more information regarding these new products please see Cornerstone Specialty Wood Products at the upcoming MODEX Show in Booth No. 7934 or contact them at 888-755-3048 or www.resindek.com.
