

# ResinDek® SD

## ResinDek® SD Product Description

ResinDek® SD is a standard duty, mezzanine flooring panel that provides a durable show-case appearance that is easy to maintain for years. Supporting live and dead pallet jack loads up to 2,500 lbs. ResinDek® SD is the industry solution for these heavy loading conditions. With an unmatched ten-year warranty you can rest assured that your floor will be a showcase for years to come.

All ResinDek® panels are made with specially sorted and processed wood fibers, customized formaldehyde free resins, and a wax emulsifier. The ingredients are combined and compressed under extremely high pressure and temperature, resulting in a panel with superior physical properties that are especially designed and built to withstand heavy rolling cart and pallet jack loads.

## ResinDek SD Specifications

Mezzanine Floor Panels shall be ResinDek® SD as manufactured by Cornerstone Specialty Wood Products, LLC (CSWP).

ResinDek® SD shall be .75" in thickness and capable of supporting live and dead loads up to 2,500 lbs. ResinDek® SD shall have a Gray Diamond Seal 2™ or optional ResinDek® finish as provided by CSWP.

A ten-year warranty shall be provided and passed to the end user from the manufacturer. Installation of ResinDek® panels shall be in accordance with the ResinDek® Installation Instructions provided by CSWP.
